Proposal to join the Wandsworth Federation of Maintained Nursery Schools

Dear Parent,

I hope that this letter finds you and your family in good health. When I wrote to you last in the summer of 2021, I mentioned that Somerset was undertaking a period of 'soft' federation with the other two maintained nursery schools in Wandsworth (Balham and Eastwood). Your Board of Governors has reviewed this experience at its last meeting and agreed unanimously to apply to join the federation with effect from 1st September 2022. Accordingly, we have agreed to consult widely before this proposal comes into effect. This letter and its attachments invite you to respond with your views and opinions. It also makes clear what will change and what will remain the same with Somerset and identifies a couple of dates where we will discuss the future of Somerset. If you are able to attend you will be very welcome.

Yours sincerely

Clive H A Landa

Chair of Governors
